

# Results in Real Estate

# Congratulations Professionals!

**Terry, Jacinta and Danny have just come back from Hamilton Island where they were receiving their first Chairman's Club Award which is the most prestigious of all professionals events.**

The Chairman's Club is an invitation only event which is held annually for between 20 and 25 chosen principals. Delegates vary every year and invitation is based on excellence in performance and outstanding achievement. The Chairman's Club is held over two days and is an opportunity for high achieving professionals to share ideas and successes and offer feedback that will ultimately help to shape the future of their business and the Professionals group.

## Professionals News

The second iPad Promotion has just finished.

Jacinta Condon is the lucky Bendigo person who won an iPad. Jacinta entered the promotion when attending one of our open days.

Professionals on a large scale are now opening overseas in the United States.

Our 3rd Cup Cake Day will be held again on Friday, 21st October. This event is held outside our office and cup cakes are donated from many local businesses. All monies are donated to the National Breast Cancer Foundation, this is a great day for our office, as all are involved. Jacinta McIvor would love any business that would like to donate any cupcakes to contact her.
